EDUCATION

Double Major, Information Management & Accountancy

City University of Hong Kong

📅 09/2018 - 06/2022   📍 Hong Kong

GPA **3.17** / 4.0

- Upper Second Class Honours

EXPERIENCE

IT Officer

City University of Hong Kong

📅 06/2022 - Present   📍 Hong Kong

- **System Development**: Contributed to several projects, involving system development activities such as gathering user requirements, development, and user acceptance testing (UAT)
- **Adopt Modern Web Technologies**: Volunteered for the Application Modernization Task Force, focused on transitioning company software from outdated technologies. Contributed to the revamp of an admission system using ASP.NET, resulting in faster development cycles and improved software performance.
- **Leverage AI Technology**: Developed a custom AI chat bot to generate job description documents in the standard CityU format, significantly improving efficiency and consistency in HR operations.
- **Load Testing:** Perform load testing with jMeter to test application performance under high usage stress.
- **Configure SSO**: Set up single-sign-on (Okta) into applications
- **Handle User Support**: Handle support inquiries related to CityU existing system (CityU Scholars)

Web Developer

UXM

📅 09/2021 - 10/2021   📍 Remote

- **React.js Migration**: Collaborated closely with the team to migrate their website into React.js by coding the necessary components

Spring Intern - Audit

RSM Hong Kong

📅 01/2021 - 04/2021   📍 Hong Kong

I was responsible for assisting the auditing process
